About Odyssey Pictures Corporation

Founded in 1989, Odyssey Pictures Corporation (OPIX:OTCQB) has a successful history of financing and distributing major motion pictures such as “Sniper,” “Wuthering Heights,” “1492,” and “The Handmaid’s Tale.” Today, the company provides diversified professional services to global media & entertainment markets. Odyssey’s lines of business include producer’s representative services, corporate brand marketing and IPTV digital content delivery. Odyssey’s CEO John Foster has more than twenty years of senior executive experience in international film distribution, production, post production, producer’s representation and film financing.

Producer’s Representative Services

- >> **International Sales** – Ongoing outreach to targeted sales agents and distributors. Exposure and promotion at major international markets like Cannes, MIPCOM, AFM and MIFED.
- >> **Contract Negotiation** – More than two decades of deal-making experience in film distribution, production, post production, content licensing and finance.
- >> **Marketing Materials** – The creation of all marketing materials necessary for a film’s successful pick up, including trailers, websites, posters, catalogues, one-sheets, etc.
- >> **Strategic Planning** – In-depth analysis on industry trends and conditions that affect the commercial viability of independent films.
- >> **Completion Financing** – Availability of financing to complete principal photography and/or post production for projects that meet our criteria for success.
